“ We had great times and bad times, but we always stuck together like glue. I'm more than grateful to have spent 12 years of my life with you, you were my world, my everything, the love of my life, and my husband. I remember we went fishing in Renton and I was getting upset because I was catching all the bull fish and trout while he was getting all the good fish like blue gill and seabass. He was telling me to stop moving but couldn't cause I was getting bit up. Another time is when we lived in Spanaway, WA and I took him and Kye to this place to play tennis it was fun and seeing him trying to hit the ball was funny to me and just the cutest trying to teach Kye how to play. I'm definitely going to miss everything about you, your touch, holding and hugging me tight, or just chilling and enjoying each other's company and watching movies and shows together. I absolutely don't know what I'm going to do without you, I'm going to miss you calling me by the nicknames you gave me or just hearing your voice period! Our SOULS ARE CONNECTED FOREVER!!! and I will make sure you get JUSTICE and KEEP YOUR NAME ALIVE. I know you're in a better place now, but I know you will always be beside me in spirit. I love you with all my heart and you knew that, and I will miss you so much. I'm lost without you and I'm so heartbroken. Your MY ANGEL now and you will forever have my heart. Until we meet again in another lifetime, in another realm, I will love you always. Rest in Peace and Power Long Live My King Gregory " Buck " Gibson.

“ We've had our good moments and our bad moments, but we always stuck together through it all. I really am going to miss you and I love you from the bottom of my heart and you know that. I could go on and on about so many memories we shared but I'll never forget the day we went fishing in Renton and he was catching all the good fish like seabass and blue gill, and I was getting mad because I was catching all the bull fish and trout (the bad fish you don't eat) and would be laughing at me and told me that I needed to stop moving. We ended up taking 2 seabass and a blue gill home. Another time when we lived in Spanaway, I took him and Kye to play tennis for the first time and that was so fun and funny to see him running tryna hit the ball because he never played it before and would swear he was a pro at it lol or when he taught me how to drive on the freeway lol smh. Also I'll never forget the night he got on one knee and proposed to me it was a great night to remember. I'm more than grateful to have spent 12 years of my life with you and thankful for everything you taught me. I will cherish every single moment we've shared and will always be close to my heart. It's going to be different not hearing you call me by the names you gave me. You are my world and our souls are connected FOREVER!!! I can't picture my life without ,but I know you will be with me always in spirit. I Love You and Will miss you so much. *My Angel *

“Gregory "Buck" Gibson! This man Was My Brother, He was My Best Friend so we were were real close! For a Very Very Long Time. When Things were not looking Good we always told one other to keep it together cause there will be better Days. And those days came and went And we still Held our heads High. My Brother Was a over Achiever! He Love His Children. And he was all about family. That was a number one Priority. We Learned allot from each other. And that bond Will never be lost or forgotten. I will Miss My brother So Much. I Know that one of our last conversation was about what was going on with our lives, and he said he was proud of me and i Told him the Same things were looking up for the both of us as far as the goals we set.
