“ You have been my dad figure my whole life and I have made many mistakes I can still here you say Red you know better than that. You where always there to dust me off with words usually smart ass ones to send me out again. I am so happy that your with your most favorite people besides all of us. I miss you so big. Give everyone a hug and kiss and tell them you finally got me straightened out.

“ Dad you were a man all about your family, daughters, grandkids and dogs! You loved large and lived even larger! You are already so missed that it hurts deeper then I could have even prepared myself for. You were my rock the last 20 years! Not sure how I'll get through each day without you! I am so happy you are no longer in pain, living in fear, hurt or suffering. You are with the big man upstairs and that is a blessing. Thank you for being the best you could be to me and my family. You are deeply missed!
