“ Karen you will be missed, especially your sense of humor. You were a good friend and always wanted me to know how much you appreciated me for listening when others wouldn't. Karen, you loved and contributed to many other peoples' lives with your knowledge and understanding. You spent many years investing in students lives hoping for great outcomes. Even though you are gone from this earth I will see you again in Heaven. Until then girl, I will hold on to those precious memories we made.

May God give Peace and Comfort to your family and friends.  
Love Ya,

“ Karen and I were high school sweethearts for our Junior and Senior years and shortly after. She helped keep me on a straight path and I am forever grateful for that. We drifted apart and went our separate ways shortly after high school. The memories people share as "first love" is something dear to their hearts. RIP Karen

*Karen and I “grew up together “ because our grandmothers were such good friends, therefore, we became good friends! It wasn't a hard jump to make. Karen was such a sweetheart and a joy to be around! I'm sorry to say we lost touch but we were like old sweaters, we were just always comfortable with each other and do happy to see each other! I love you Karen! I'll see you again!*
